

# CTS SERIES

## Single Stage and Portable Reciprocating Air Compressor

### General Features and Benefits

- Splash lubricated
- ASME air receiver on 20 gallons and above
- UL approved pressure switch (Electric Units only)
- Pilot valve operated throttle control (Gas Drive Units only)
- OSHA approved belt guard
- ASME approved safety valve
- Factory filled lubricant
- Intake filter-silencers
- Manual condensate tank drain valve
- Dial read-out pressure gauge indicator
- Oil level sight indicator
- Quick Disconnect fitting and pressure regulators standard on select models.

## GARAGE MATE 2HP VERTICAL

### Portable Air Compressor

- Cast-Iron Two Cylinder Pump
- 2HP Motor with Overload Protection
- Large 10" Wheels
- 30 Gallon Vertical ASME Code Tank
- 5.5 SCFM at 90 PSI. The ideal compressor for garage and workshop applications for small business or home use

## GARAGE MATE 2HP HORIZONTAL

### Portable Air Compressor

- Cast-Iron Two Cylinder Pump
- 2HP Motor with Overload Protection
- Large 10" Wheels
- 5.5 SCFM at 90 PSI. The ideal compressor for garage and workshop applications for small business or home use.
- 20 Gallon ASME Code Tank
- 1/4" Outlet with Regulator

## 3HP 60 GALLON VERTICAL

### Single Stage Air Compressor

- Cast-Iron Two Cylinder Pump
- 3HP Motor with Overload Protection
- 10.3 CFM at 90 PSI. Powerful enough to run air tools for your home and shop.
- 60 Gallon ASME Code Tank

## 5HP 60 GALLON VERTICAL

### Single Stage Air Compressor

- Cast-Iron Two Cylinder Pump
- 5HP Motor with Overload Protection
- 16.0 CFM at 90 PSI. Powerful enough to run air tools for your home and shop.
- 60 Gallon ASME Code Tank

## 2HP 9 GALLON ELECTRIC WHEELBARROW

### Portable Air Compressor

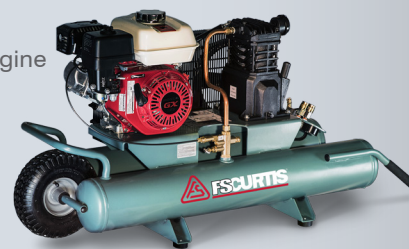

- Cast-Iron Two Cylinder Pump
- 9 Gallon Wheelbarrow Tank Configuration
- 2HP Motor with Overload Protection
- Dual Quick Connects
- Pressure Regulator
- 5.5 SCFM at 90PSI

## 5.5 HP 9 GALLON GAS DRIVE WHEELBARROW

### Portable Air Compressor

- Cast-Iron Two Cylinder Pump
- 9 Gallon Wheelbarrow Tank Configuration
- Dual Quick Connects
- Pressure Regulator
- 5 HP Honda Gasoline Engine
- 11.8 SCFM at 90 PSI
